NEW BUSINESS

Contact numbers for members on a locate ticket:Scot Hattenburg sent an e-mail asking if it would be possible to have contact numbers for all members on locate tickets like they do in Spokane? He said it is

really handy to have the numbers encase someone does not show up or they have a question regarding the locate they can contact someone directly. Rod said that this would be a fairly dramatic change to the ticket but he could check into it. It was suggested that we might be able to put a link on the ticket to a site with the correct contact person, this could be on our website. Concern was brought up about having those contact numbers published on a website, a request to list a number could be sent out to members if needed. A committee was formed to come up with a plan on how we can go about getting this information available, members are Rod Bacon, Cindy Christoph and Kyle Marine. More to follow.

Design Locate:

An e-mail was received from JUB in regards to design locates, they wanted to know what the correct wording is for calling in this type of locate.
